

The College
of Nursing

This education activity attracts 5.75 hours of Continuing Professional Development, as per the College of Nursing Program

Do you want to learn more about using PCOC assessment tools and how these tools can be meaningful when embedded into your clinical practice?

PCOC is offering a skill development workshop to enhance your knowledge of PCOC Assessment Tools

Learn About:

- Assessing the Phase of Illness
- Assessment tools for symptom and functional assessment
- Communication skills and assessment
- Assessment data, what it tells us and how to use it
- Barriers to integrating PCOC assessments into practice

Where St Catherine's College, University of Western Australia, 2 Park Road, Nedlands

When Wednesday 22nd February 2012
